

Dear Terri,

I Prayed in treatment for many things, one of them being people in my life that are good for me. What I received was a family of friends and people like yourself. Good hearted, kind, compassionate, and caring people. I told you that I almost did not come to your appointment because I was discouraged. I prayed for a long time to get my teeth fixed, and God has this master plan I believe for everyone. I am truly blessed to have you in my life. You give me a lot of confidence and support and for this I will always do my best at whatever I do. I see you as a lot of things, one being a mother who does not stop loving her children. I believe that this is one of the biggest forms of support. Two you are an example, a role model that gives wherever possible. I was not expecting you to help me like you have done thus far and I'm forever grateful for this. Talk about "God Shot," you Terri are one of the major God Shots in my life. My prayers have all been answered since treatment, I literally am surrounded by people who care and who I consider family, yourself included. I cannot express how truly grateful I am for all the work you're doing. If there is anything I can do for you please do not hesitate to ask, I can roof, do construction, yard work, you name it I most likely have experience doing it laugh out loud. Thank you again whole heartedly.
